

Echo Conference

May 21, 2026

Title: Camzyos Monitoring Requirements and Guideline Recommendations for Echocardiographic Evaluation

Speaker: Ashley Brown, MHS, ACS, RDCS, RVT, RDMS, FASE

Topic: The topic was chosen by the speaker and was presented in a PowerPoint format highlighting hypertrophic cardiomyopathy with related echocardiographic findings and Camzyos monitoring guidelines.

Outcome: A review of current clinical studies involving Camzyos, echocardiographic monitoring requirements for dosing and administration, and appropriate echo imaging techniques.

Accomplished: A review of hypertrophic cardiomyopathy (HCM) in conjunction with echo guidelines with Camzyos to improve current knowledge and patient outcomes with HCM.
