Participants may work at their own pace.

Teaching Methods

This online enduring material uses the following teaching methods and media:

1. Lecture (audio/videotaped)
2. PowerPoint Presentation

Acknowledgements of Commercial Support

There is no commercial/financial support for this activity.

CME Enduring Material Description, Target Audience and Needs Statement

This online educational enduring material is designed for physicians and clinical staff. Its purpose is to bridge the gap between the medical knowledge and current practice with evidence based practice guidelines to achieve optimal patient outcomes through discussions and examinations of interesting, real world cases seen in the pediatrician's office.

Objectives

At the end of this online enduring material, participants should be able to:

- Explain the types of mental health accommodations available within a school setting for different diagnoses.
- Discuss types of school based interventions for specific diagnoses.
- Identify specific ways PCPs can coordinate with school staff to care for students with mental health issues.
